Sansa® TakeTV™ PC to TV Video Player

SanDisk

Sansa® TakeTV™

Available in 4GB* and 8GB* capacities, it's as simple as using a USB flash drive: just drag files to your TakeTV player, slip it into the TV cradle, and press play on the included remote. No confusing WiFi set-ups, no waiting to burn DVDs. It really is that easy.

1. Insert the TakeTV™ player into a USB port on your computer. Then drag and drop your video files onto it...

2. Connect the TakeTV cradle to your TV and place the TakeTV player into the cradle...

3. Watch, and control your videos, on your TV with the TakeTV remote control.

Sansa® TakeTV™

Sansa® TakeTV™	4GB*	8GB*
Hours of Video Playback	5**	10**
Weight	0.11 lbs	
Dimension	4.55 x 1.5 x 0.45 inches	

* 1 gigabyte (GB) = 1 billion bytes. Some of the listed capacity is used for formatting and other functions, and thus is not available for data storage.
** Video capacity based on MPEG-4 1.5-Mbps video at 720x480 pixel resolution combined with 128-Kbps audio. Actual capacity varies by content.
*** The Fanfare content delivery service is only supported on Windows XP SP2 and Windows Vista

NOTE: For home and personal use

This product is intended to be used for playback, for your home and personal enjoyment. Copying and commercial use of copyrighted material without permission of the copyright owner may be prohibited by law. Use of your USB-TV device in compliance with all copyright and applicable intellectual property laws remains the responsibility of the user of the product*.
